## Junior Summer Camps 2014

Our Junior Spring Golf Camps were a great success with our programs filled to capacity and the Kids had so much fun with our instructors, whilst being taught the fundamentals of the game.

Due to the success of the Spring Camps we have put together three unique camps for all ages and abilities and a Players Camp for those kids ready to improve their skills on the Golf Course.

**Little Eagles** camps are designed to 5 - 7 year olds wanting a fun exposure to the game of golf.

**Mini Camps** are designed for 8 - 12 year olds wanting an exciting introduction to golf.

**Golf Camps** are designed for 10 - 16 year olds looking to gain experience and ability in golf.

Equipment is provided, but participants are encouraged to bring their own, if they have it.

All these camps feature skill development sessions: putting, chipping, full swing, basic rules & etiquette instruction and feature games and activities that are tailored to stages of mental & physical development for these age groups.

**Players Camps** are designed for 12 - 18 year olds improving skills and making the transition into golfers, all sessions feature skill learning components as well as on course coaching and play.

Participants in this program **must have their own golf equipment** and be prepared to play daily.

Camp sizes are a maximum of 8 students or a minimum of 5 students per Professional and classes are held rain or shine.

Contact Mike Vanderwolf - Director of Instruction for more information on the camps and booking details at 604-267-0390 or select the Junior Group Lessons Icon on our homepage. <http://mccleerygolfacademy.ca>
